

# X-CRUIZER

Multi-Function Cooler Tilt To Any Angle!

Model: XC-MF70

- Unique flexible goose neck fan body
- Special designed 70mm fan profile rotated at 360°
- Internal fan speed controller for desired system performance
- A crescent-shaped UV fan frame with blinking and blue LEDs
- Best fan curve performance at low dBA noise
- Reduce CPU and case temperature steadily and dramatically
- Stylish cooler base with magnet and double side tape attachment
- Fits in most mid and full tower cases

## SPECIFICATIONS

Fan Dimension: 70 x 70 x 15mm  
Fan Speed: 1500 ~ 3000 RPM  
Fan Airflow: 9.104 ~ 21.594 CFM  
Voltage: 12 V  
Noise Level: 21.3 ~ 29.6 dBA  
Bearing Type: Fluid Bearing  
Weight: 150 g  
Height (Max.): 258 mm

## APPLICATIONS

The best flexible cooler to enhance your cooling system:

- Hard Drive
- Memory Module
- Graphic Card
- TV Tuner Card
- Chipsets
- DVD-ROM
